ILLINOIS TRAFFIC SAFETY LEADERS

The Illinois Traffic Safety Leaders (ITSL), is the only group of volunteer women in Illinois with interests and activities devoted exclusively to traffic safety.

Founded in 1965, ITSL is a non-profit, non-partisan, non-sectarian, tax-exempt organization of volunteers with a common interest in safety. The organization provides a place in the structure of the State Highway Safety Program for women leaders and representatives of women's organizations in the State of Illinois to:

* Encourage support for and participation in state and community traffic programs;

* Create opportunities for the development of leadership in traffic safety movement in Illinois;

* Assure the development and evaluation of traffic safety programs from the viewpoint of women's organizations;

* Establish a channel for exchange of information on traffic activities of state women's groups and parent organizations;

* Act as liaison between women's organizations, the National Safety Council, and other state and national agencies;

* Further education in all phases of highway and traffic safety;

* Maintain affiliation with the National Association of Women Highway Safety Leaders, Inc.

EXECUTIVE BOARD

The President, First and Second Vice Presidents, Secretary and Treasurer are elected by the membership. Regional Directors, representing ten geographical regions of the state, are appointed by the ITSL officers.

MEETINGS

An annual conference for the entire state of Illinois presents a wide range of traffic safety programming. Several area meetings are conducted annually to include contiguous regions.

These meetings are workshops to promote safety education programming, support traffic safety resolutions and legislation, and coordinate statewide safety campaigns.

NEWSLETTER

ITSL publishes a periodic newsletter with statewide circulation. Timely safety projects and legislative updates are highlighted.
